

The Q7 Major – The perfect case for all price conscious gamers

According to the Eterno slogan "Form follows Function" the mesh grill front panel of the **Q7 Major** is not only visual a real highlight but also enhance the fresh air circulation in the case thanks to its excellent air permeability characteristics. And an excellent cooling of the components is of big importance for a case which main audience are gamers. Equipped with 2 super silent, blue illuminated 120mm fans and fitting dust filters for front and base the **Q7 Major** grant a dust-free fresh air circulation even for more demanding systems. Even for costumers who want to be on the safe side with there cooling system this case provides the possibility to install 2 additional 120mm fans and a water cooling system.

Apart from an intelligent cooling system an easy mounting of the components is one of the main criteria of a good gaming case. Easy clip systems for a screwless installation of the 5.25" hard drives, a removable and rotatable HDD-cage for up to 3 hard disks and drive blends which can be removed from the front – All these guarantee a smooth and easy installation of the components.

Additionally, the **Q7 Major** is equipped with many little extras to enhance optic, comfort and usability of this case. Whether it is the noble, black finishing of the interior, the possibility to remove the FDD-cage to install a long graphic card, the intelligent cable management, the window kit in the side panel or the perforated, screwed and reusable slot brackets – Everything is included.

Specifications

Motherboard	ATX, µATX
Drive Bays	5.25" external: 4 3.5" external: 1 3.5" internal: 4
