V6 Sentinel – Great Design Small Price

The modern design of the **V6 Sentinel** makes it a perfect choice for young costumers who don't want to acquire a boring standard case. The drive blinds which are made of perforated grills, the high quality finish of the interior and red applications add to the futuristic cool look and set it apart from the bulk of standard case designs.

Well reachable front connectors, fan preparations for up to 3 fans, thumbscrews for the side panels and a silent 500W power supply complete this great product. Additionally a high speed USB-3.0 connector with a maximum transfer rate of 5GBit/s is integrated into the front.

V6 Sentinel

Specifications

Motherboard	ATX, µATX
Drive Bays	5.25" external: 3
	3.5" external: 1
	3.5" internal: 5/3*
	2.5" internal: 0/1*
