

The latest member of the Starter family the **MicroStarter 1** is a convenient  $\mu$ ATX-case which is ideal for home and office systems thanks to its plain and compact design.

And even users with high expectations in the range of graphic performance will be satisfied. Despite its compact design there is enough space even for a long graphic card.

Furthermore this case has space for up to 3 fans, thumbscrews for the side panels and HD-Audio and USB 2.0 front connectors.
