

The integrated LCD-Display in the front of the **2008-V Silver** shows information like system info, email inboxes, messages etc. This can be configured individually with the attached IMON-Software. Additionally there is the possibility to operate the most common function via 10 chromed buttons direct on the case or comfortably from the couch via IR-remote control (IMON PAD).

Self-adhesive antivibration fleeces are already serially added at many points of this case and avert safely annoying mush. Moreover the possibility to attach up to eight hard disks is probably unique on the market.

Additionally the extern 5.25" & 3.5" drive bays and all multimedia front connectors (USB, 1394, eSATA etc.) are covered by a massive and damply mounted aluminium clap.

The solid aluminium front panel gives this case a very classy look and makes it a real eye catcher for the living quarters.

Specifications

Motherboard	ATX, µATX
Drive Bays	5.25" external: 1 3.5" external: 1 3.5" internal: 7
Front Connectors	USB 2.0: 2 Microphone: 1 Headphone: 1 eSATA : 1 Firewire: 1
Cooling System	Rear: 2x 80mm
Packing Units	Shipping Unit: 1 Piece Palette: 20 Pieces
Guarantee and Warranty	Case 24 Months Warranty
Article Number	88881048
EAN-Code	4260133121263
Scope of Delivery	Remote Control (IMON PAD) IMON (IMEDIA) Software-CD Card Holder for Extension Card Tool for Using the Card Holder Screw Set Speaker LCD-Display
Features	Control panel with ten buttons for most useful functions Integrated card holder for longer extension cards with clip technology for screwless mounting Removable and exchangeable HDD- and ODD cage Antivibration kit for HDD mounting Antivibration kit for power supply and case cover Solid Aluminium bases, with rubber bump Reset button Blue illuminated LED power button USB 2.0 and audio connectors as block connector HD Audio/AC-97 compatible
