

## The Eterno K-five Demon Hunter – The case for ambitious gamers

A sophisticated case from Inter-Tech, that delight any user.

In the lower part of the **K-five** is the decoupled power supply receptacle, that provides a vibration-free operation of the power supply. In addition to a standard 120mm fan on the back wall, the **K-five** offers numerous mounting options for additional fans with a maximum size up to 140mm. Exchangeable dust filters in the front, top and base ensure a clean air circulation inside the case. In addition, the case can be equipped with a water cooling system.

The sophisticated cooling concept and the quick and easy installation of components are one of the highlights of the **K-five**. Fasteners and decoupled mounting rails for screwless installation of all drives, **support mechanisms for extra-long graphics cards**, drive panels that can be removed by handle from the front, as well as the sophisticated cable management ensure smooth and easy installation of the hardware.

Other key features of the **K-five** are a 2.5" hdd cage, that offers space for up to four 2.5" SSDs and space for another 2.5" hdd in the bottom of the 3.5" cage. The USB 3.0 interface, user-friendly located on the top of the case, provides a super-fast transfer of your data to external media such as USB sticks.

## Specifications

Motherboard	ATX, µATX
Drive Bays	5.25" external: 3/2* 3.5" external: 0/1* 3.5" internal: 4 2.5" internal: 5
Front Connectors	USB 2.0: 2 USB 3.0: 1 Microphone: 1 Headphone: 1
Cooling System	Front: 2x 120mm Rear: 1x 80mm or 120mm (1x 120mm included) Side: 2x 120mm or 140mm Top: 2x 120mm or 140mm Bottom: 1x 120mm
Packing Units	Shipping Unit: 1 Piece Palett: 20 Pieces
Guarantee and Warranty	Case 24 Months Warranty
Article Number	88881169
EAN-Code	4260133125148
Scope of Delivery	1x 120mm fan (3Pin connector) Mounting rails for 3.5" and 2.5" drives (decoupled) 5.25" to 3.5" panel (for 3.5" external drive) Screw set Speaker Lock loop Cable ties Slot bracket
Features	Screwlews mounting of all drives Exchangeable dust filters in the front, top and bottom PSU bracket at the bottom (decoupled) Pilot hole for water cooling system Integrated VGA card holder with rubber pads Intelligent cable management Stands Side panels attached with thumbscrews USB 3.0, USB 2.0 and audio connectors as block connector HD Audio compatible

\*In use of an external 3.5" bay you will lose a 5.25" bay  
(only possible with the 5.25" to 3.5" panel)
