You are looking for a stylish case, that stands out from the mass? Then you made the right choice with the **SY-126**! The elegant finish of the front panel, as well as the standard USB 3.0 front port, lift the chassis out from the mass.

The reduction to only two external drive 5.25" drive bays is sufficient for most purposes. Nevertheless, if you want to use an external 3.5" drive, a 5.25" to 3.5" panel is included. For a good air exchange, the **SY-126** offers more than one space for optional fans.

Spezifikationen
