

ITX E-i7

The new Mini-ITX generation of Inter-Tech - modern, style-conscious and remarkably practical. The E-i7 is completely made of aluminum and has therefore, also by the many ventilation holes, excellent, thermal load of the components. The massive, black aluminum body also reduces annoying vibrations to a minimum. One USB 2.0 and one USB 3.0 port at the side of the front and the optional slot-in drive round out the package.

Mini-ITX systems are very energy-saving, so that the external 90W Power Supply is sufficient to build up a powerful ITX system. Once it may be a little more power, you can also use an optional 120W Power Supply, since the internal circuit board is able to process an input voltage of up to 120W.

| Specifications | |
|----------------------------|---|
| Motherboard | ITλ |
| Drive Bays | Slot-In: max. 1 [*] 3.5" internal: max. 2 [*] 2.5" internal: max. 2 [*] |
| Front Connectors | USB 2.0: 1 USB 3.0: 1 Microphone: 1 Headphone: 1 |
| External Connectors | SATA data port: 1 4Pin Molex power connector: 1 |
| Opening rear | WLAN antenna: 2 COM connector: 2 |
| Cooling System | 4x 80x80x15mm (laterally, as option |
| Packing Units | Shipping Unit: 1 Piece Packing Units: 6 Pieces |
| Guarantee and Warranty | Case 24 Months Warranty Power Supply 24 Months Guarantee |
| Article Number EAN-Code | 88881175 4260133125230 |
| Scope of Delivery | External 90W Power Supply DC-board max. 120W Cable ties Screw set Rubber feet (glueable |
| Features | External 90W Power Supply 1 low profile PCI card possible |
| | *1.) in use of only Slot-In, you are able to mount 1x 3.5" or 2.5 *2.) in use of a Slot-In ODD without a PCI card, you are able to mount 2x 3.5" or 2x 2.5 *3.) in use of a Slot-In ODD together with a PCI card, you are able to mount 1x 3.5" or 1x 2.5 *4.) in use of no Slot-In ODD and no PCI card, you are able to mount 2x 3.5" or 2x 2.5 |
