

## DMG-06

The DMG-06 is a 2in1 Wi-Fi- & Bluetooth 4.0-Adapter. It can connect your computer or notebook directly to your home or office network by Wi-Fi. The Wi-Fi (802.11 n/b/g) USB 2.0-Adapter is a perfect choice to connect to the internet with a transfer rate up to 150Mbps.

Besides the Wi-Fi capability, the DMG-06 offers also a Bluetooth 4.0 interface which enables your computer to connect to your smartphone, tablet or other Bluetooth devices.

Because Wi-Fi and Bluetooth connection work simultaneously, you can e.g. stream files from your local Wi-Fi network directly to your Bluetooth speaker or headphone.
