

N21 Crusader – fulfills highest demands

The N21 convinces due to several practical features and the black, timeless design. The strict and clean design inside the case hides components like power supplies, cables and hard disks – and offers a clearly arranged view through the big acryl side panel.

The special cable channels inside the case ensure an easy cabling and perfect airflow. The power supply and up to two 3.5"-HDDs are decoupled in a separated tunnel at the bottom of the case. Louvers in the tunnel guarantee an optimal cooling.

Additionally the N21 can handle up to four SSDs. Two USB-3.0 and HD-Audio connectors are well placed in the front of the case and offer a fast and easy connection for your peripherals.
