

The SinanPower VP-430W

— The low-priced beginner power supply

The **SinanPower VP-430W** is the perfect power supply for every business and home system. Despite its low price this power supply provides many connectors and a super silent 120mm fan. This fan is monitored by a thermo sensor which ensures an optimal fan speed.

The contrast between the red fan and the classy black finish grants this product a cool look which enables them to stand out of all the normal PSU.
