

Nitrox Xtended Universal Notebook-power supply NB-90U with 10 tips!

Why should you buy an expensive notebook adapter from a big brand when it can only support one type of notebooks? With the **Nitrox Xtended NB-90U** you can quickly recharge nearly every common notebook. Due to changeable tips almost every model can be connected.

The most important feature is the automatic voltage change. If chosen the right tip the adapter changes the voltage automatically depending on the connector. A wrong voltage should be almost impossible.

Additionally, the 90W version is equipped with a USB port so that a quick charging of USB devices is also possible.
