

Sinan NB-90CAR with 8 adapters - universal help for traveling!

With the universal Notebook Power Adapter **Sinan NB-90CAR** you are able to provide your notebook efficiently with electricity on the road in your car or truck. The possible input voltage of 10V to 30V makes this application possible. Through a variety of interchangeable plugs, it fits almost for any notebook model. Thanks to its compact design, it also fits well in the glove compartment.

Another special feature of this device is the automatic voltage adjustment, depending on which plug you use. Once the adapter is plugged in, the notebook adapter will adjust itself to the voltage, the adapter is preset. Thus, an incorrect operation, which could damage the device, is practically impossible.

A true all-rounder for all cases.

Specifications

Output	9.5–20V max. 6A max. 90W
Input	9–30V / 12A max.
Number of Tips	8
Fuse	Over voltage protection Overheating protection Input internal fuse protection Current limit protection Output Short circuit protection Open circuit protection
Device Dimensions (H/W/D)	35/55/117mm
Package Dimensions (H/W/D)	56/187/235mm
Weight (net)	380g
Weight (gross)	560g
Packing Units (VE/VPE/PAL)	1/20/500
Guarantee and Warranty	24 Months Guarantee
Article Number	88882028
EAN-Code	4260133123557
Scope of Delivery	Power cord 8 various Tips Manual (english)
Features	Loading USB devices All changes of status, like power output, will be done automatically Antistatic Fire-resistant body

Adapter compatible with
