

Sinan NB-45TA with 8 serial adapters – the cheap alternative to original power supplies!

With the universal notebook power adapter NB-45TA, you are able to provide a variety of the most popular netbooks and notebooks quickly and efficiently with power. Through its extremely compact design, it fits into almost any netbook or notebook bag.

Another special feature of this device is the automatic volt adjustment, depending on which plug is attached. Once the adapter is plugged in, the device is adjusted to the associated adapter voltage. Thus, an incorrect operation, which could damage the netbook or notebook, is virtually eliminated.

A true all-rounder for all cases.
