Sigboard SIG-8801F – The interactive Whiteboard

Das S i g b o a r d ® is a new generation of interactive whiteboards. The innovative technology allows you to integrate digital templates, programs and the internet in your work. You are able to present, explain, highlight, complement and save on a very easy way.

More and more schools and educational institutions opt for the new generation of interactive whiteboards and multimedia teaching. Work on the rugged surface of the S i g b o a r d ® with a pen or your fingers. The big screen works like a touch screen.
